

## Is *Ampuku*<sup>®</sup> really cost competitive with other therapies?

Actually, you will find *Ampuku* is less expensive than most other techniques since you are charged by the session and not by the hour.

- 🚪 Single session rates are only: **\$50**
- 🚪 A Series of four full body massages are discounted at a non-refundable amount of **\$150** and includes a free *Kao-ki*<sup>®</sup> (facial) if you should so desire (Sorry, the free *Kao-ki* is available only in my Tampa Office). The *Kao-ki* in itself usually lasts over an hour and is given by an *Ampuku* Master. We use a custom blend of oils made specifically for you based on your skin type, condition and the medical history you provide. The facial and neck muscles actually hold approximately 33 percent of subliminal and non-subliminal stress, yet the majority of Western massage techniques do not even involve this crucial area. Considering this area contains 3 of the 8 Chakra (Energy Centers), almost 40% of your energy flow regulators are here. And they don't even touch it. The *Kao-ki* is actually an upper body massage focusing on the numerous stress pockets spread throughout the face, head, neck, and shoulders as well as these three Chakra. Please allow at least 2 1/2 hours for the session that includes the facial. Oh, many of our male clients look forward to their free *Kao-ki* as well. It is not just a woman thing.
- 🚪 Infant Massage sessions/benefits are described in detail on our [Infant Massage](#) section. Essentially, I am licensed to perform Infant Massage which we call *Mother and Child Touch Therapy*<sup>®</sup>. We would like to be part of this monumental event and offer a special package for Mother and Child. Please confer with your Gynecologist/Family Physician first; then come see us. The package begins while you are pregnant when it is crucial that your baby as well as yourself receives proper nourishment and stimulation during this time. Improved circulation as well as an improved mental state (stress free for an example) can enhance the well being of both. It continues after birth of your child (or children).
- 🚪 Mention this Website and save **\$5**.
- 🚪 In-home sessions are an additional **\$5** per session for the Tampa area; other areas are slightly higher. Call for confirmed rates.
- 🚪 You are locked into the price schedule in effect when you sign up for your first series and will not be increased for as long as you remain a client. Should you stop renewing your series and later decide to restart your

sessions; the current price schedule at the time you restart will be effective.

☞ Gift Massage Certificates and Gift Massage Series Certificates are available. All sessions are transferable and make excellent gifts. All are good for a period of one year from the date of purchase. Series must be started within the one year.

☞ I am available most of the time, just call ahead to make your appointment.

Please remember I do not promote Holistic or Alternative Medicine in lieu of proper Medical Treatment; rather as a partner with Western Medicine.
